Build your product. Keep daily work moving.

Add specialists, manage daily work, put AI agents to work and connect your procedures, systems and evidence.

ONE POINT OF CONTACT

FIVE WAYS WE SUPPORT YOUR TEAM

01 Staff augmentation

Add developers, QA, designers or operations specialists under your lead, working in your tools.

You receive: Named people, agreed hours and work your team can review.

TOOLS: GitHub / Jira / ClickUp

02 Managed back office

People handle recurring support, customer setup, invoice checks and records under an Oventure service lead.

You receive: Completed work, quality reports and items needing your decision.

TOOLS: HubSpot / Zendesk / QuickBooks

03 AI assistants & agents

Assistants retrieve approved context. Agents use permitted tools within agreed limits, with human approval for consequential actions.

You receive: Working software, permissions, evaluations and run logs.

TOOLS: OpenAI / HubSpot / approved sources

04 Workflow automation

Connect your tools through triggers, predefined steps, approval pauses and tested failure handling.

You receive: Configured integrations, run history, alerts and operating instructions.

TOOLS: ClickUp / Make / Zapier

05 Compliance & audit readiness

Map selected requirements into versioned procedures, tasks, role training, approval gates and evidence.

You receive: A control map, configured workflow, short training videos, evidence index and exception reporting.

Tools: ClickUp / Trello / Sahl. Certification or licensing is decided by the relevant external assessor or regulator; readiness support is scoped to the requirements.

CHOOSE THE SUPPORT THAT FITS

Your team. Your priorities.

Start with one specialist, one product update or one area of daily work. Choose how much you want your team to manage.

Add a specialist

Your lead sets daily priorities. Oventure sources the specialist and manages onboarding and continuity.

Choose a project team

An Oventure lead coordinates the people and delivery. Your team sets the goal and accepts the result.

Hand over daily work

An Oventure service lead manages the agreed tasks and quality checks. You approve business decisions.

You stay in control. Agree the people, work, hours and price before starting. Review progress in your tools, approve changes and keep access to the work and handover records.

OUR DELIVERY COMMITMENTS

48-72 hours

From signed agreement to the first day of productive work.

2 weeks

A risk-free trial to evaluate the work and the team.

7-10 business days

Replacement when a team member is not the right fit.

LEADERSHIP EXPERIENCE ACROSS PRIOR ROLES

$57M+

Capital raised by advised companies

220+

Enterprise clients served through prior consultancy

300+

Startups advised across prior roles

12+ years of leadership experience across prior ventures, consultancy and advisory work. These are historical, team-reported figures, not Oventure customer results, and are not added together.

Discuss the product update or daily work you need.
